La Moresca Maison

Sicily

*L*a Moresca is a very chic small boutique hotel – offering 15 double rooms – in the centre of Marina di Ragusa, Sicily. Throughout the year, La Moresca offers the possibility to escape from the world and everyday life, to a unique environment notable for its warmth and serenity, which at the same time catapults you into the bosom of Baroque art, the splendor of the Iblean landscape, and the exquisite cuisine of yesteryear.

This new and special Maison de Charme grabbed our attention as a result of its skillful and careful adaptation and restoration work that has taken more than two years to complete. Restored antiques sit alongside contemporary pieces as this renovation has kept faith with the building's original concept, materials and components while at the same time infusing new design and modern ambience.
